MAXWELL BWIRE MWANGI

Nairobi, Kenya | +254 700 391 542 | maxwellbwire7@gmail.com | LinkedIn | Credly

PROFESSIONAL SUMMARY

Technical Support Engineer with 4+ years of hands-on experience delivering 1st and 2nd level support across networking, hardware, and software environments in ISP and IT service settings. Skilled in diagnosing and resolving technical issues through ticketing systems (Freshdesk, Jira, 3CX), configuring MikroTik, Ubiquiti, Sophos, and Fortinet devices, and maintaining a 95%+ Customer Satisfaction (CSAT) rating. Solid grounding in networking fundamentals (OSI model, TCP/IP), Windows/Mac/Linux systems, and technical documentation, with a track record of improving First Contact Resolution and reducing recurring incidents.

TECHNICAL SKILLS

Networking: LAN/WAN Support, Router & AP Configuration (MikroTik, Ubiquiti, Tenda, TP-Link, D-Link), Signal Optimization

Networking Tools: Nmap, Wireshark, Recon-ng, Ubiquiti airMagic, Metasploit Framework, Zabbix, UISP

Customer Support / Ticketing Tools: Freshdesk, 3CX, CCS, Jira

Systems: Windows OS, Mac OS, Linux OS & NAS (Synology/Seagate)

Firewalls: Sophos, Fortinet

Security: Kaspersky, ESET Endpoint

Hardware: Laptop/Desktop Repair, Printer & Scanner Setup

CCTV: Hikvision, Dahua Configuration

SOFT SKILLS

Analytical & Critical Thinking • Adaptability & Continuous Learning • Ethical Integrity & Discretion • Problem Solving • Teamwork

PROFESSIONAL EXPERIENCE

Technical Support Technician | Poa Internet *Aug 2023 – Present*

- Provide 1st and 2nd level technical support to customers via phone, chat, and Freshdesk ticketing system.
- Diagnose and resolve hardware, software, and network issues, ensuring minimal downtime.
- Collaborate with network engineers to troubleshoot escalated network faults.
- Perform signal optimization (Ubiquiti sectors, airFibers, MikroTik devices).
- Configure MikroTik routers for end-user connectivity.
- Monitor systems to proactively identify and resolve potential network issues.
- Support installation and setup of hardware/software for users.
- Train new hires and support interdepartmental technical knowledge sharing.
- Maintain accurate documentation of support requests and solutions.

Key Achievements:

- Optimized 1st and 2nd level support workflows by resolving 30–50 technical tickets daily, consistently maintaining a 95%+ Customer Satisfaction (CSAT) rating.
- Systematized technical documentation and internal knowledge base, resulting in a 15% reduction in recurring incidents and improved First Contact Resolution (FCR).

Technical Executive | RNA Solutions *Apr 2022 – Aug 2023*

- Configured and supported Sophos & Fortinet firewalls and security solutions.
- Installed, configured, and maintained NAS systems (Synology, Seagate).
- Provided remote and onsite support for network, hardware, and software issues.
- Installed and configured CCTV systems (Hikvision, Dahua).
- Performed hardware upgrades, diagnostics, and repairs.
- Set up and optimized routers and access points across multiple brands.
- Managed network troubleshooting and updates for clients.

Key Achievements:

- Boosted client network uptime and throughput by implementing organized cable management systems, significantly lowering the risk of accidental disconnects and cooling failures.
- Maintained a 24-hour turnaround target for hardware diagnostics and repairs (laptops, NAS, and routers), ensuring zero business disruption for key accounts.

Network Deployment Technician | Poa Internet *Aug 2019 – Jan 2020*

- Installed internet solutions including Light Beam (Ubiquiti) and MikroTik router setups.
- Performed network troubleshooting and customer support.
- Managed cabling and equipment maintenance.
- Ensured successful installation verification through connectivity testing.

EDUCATION

Diploma in Information Communication Technology *Jan 2019 – Nov 2022*
Nairobi Technical Training Institute

CERTIFICATIONS

- Security Analyst – Cyber Shujaa (ongoing)
- Ethical Hacking – Cisco
- Fundamentals of Designing and Deploying Computer Networks – ISOC
- CyberOps Associate – Cisco
- Cybersecurity Fundamentals – IBM
- CompTIA A+ – CompTIA

REFEREES

Technical Operations Manager – Poa Internet
